On 5th November 2018, Malaysian students in University of Tsukuba were invited to the University of Tsukuba Honorary Doctorate Award Ceremony, held at Tokyo Campus. This Honorary Doctorate Degree was conferred to Tun Dr. Mahathir Mohamad, the current Prime Minister of Malaysia. During his talk, Prime Minister Tun Mahathir did mentioned that Malaysian should follow the Japanese education and lifestyles in order to gain success. He also insists that University of Tsukuba should open a branch campus in Malaysia.

During the ceremony, I got a chance to take a wefie with Tun Mahathir and his wife. I feel really honoured to have the chance to meet him. This will be one of my prodigious memory during my attachment at University of Tsukuba, Japan.
