The 55th Annual Meeting of the Japan Section of the RSAI - Conference (Hasleeda Kamarudin, Oct. 2018)

October – It was my first time to be away from Tsukuba for 5 days 4 nights. My flight was on 5th October 2018 from Narita Airport to Sapporo (New Chitose Airport). It was also my first time travelling alone far away from Tsukuba, before this I just went alone to Tokyo ☺. I could say that it was really nice experience yet adventurous to travel alone in foreign country.

Back to the main story, the conference started from 6th to 8th Oct. The venue was at Hokkai Gakuen University. Our session were on 8th Oct. Thank God, we did well in our presentation. I did manage to go sightseeing to several places near where we stay, Ocho Guest House. The scenery is really beautiful. I captured a nice view of Nakajima Park. Since it is autumn season, it is a bonus point for my eyes to experience the trees and leaves (and falling leaves) becomes reddish and yellowish which I did not experience in Malaysia.

The hardest part was looking for Halal restaurant in Sapporo. I think it was because I was not familiar with the places, I got lost several times. As people said, experience is the best teacher, I could have learned from my mistake so that it would be easier when I travel alone to another places in the future.
