

Joint (Master) Degree Program (JDP) – On August 4<sup>th</sup> and 5<sup>th</sup>, MJIIT and UT interviewed 6 candidates for a first batch of enrolment into Master of Sustainable and Environmental Sciences. JDP is a special program of joint degree collaborating between MJIIT Universiti Teknologi Malaysia (UTM) and University of Tsukuba (UT). Successful candidates will get to study in Kuala Lumpur and Japan alternately following the agreed plan. The program is schedule to start this September 2017.
