

Academic Exchanges between Tajik Academy of Sciences, Dalian Nationalities University, and UT at TGSW2014

At Tsukuba Global Science Week (TGSW), Sep 28-30, 2014, we held a symposium "International Collaboration of Science & Technology, and Innovative Development in Central and East Asia" inviting Prof. Ilolov, Ex-President of Tajik Academy of Sciences, Dr. Xiaohui Wang, Director, Department of International Exchange and Cooperation of Science & Technology, DNU, and Dr. Wyunna, Vice-Director, Department of Science & Technology, DNU. In the Tajikistan session, Academician Prof. Ilolov gave a keynote speech followed by a presentation by Dr. Zubaidullo, Research Fellow in UT, and presentations by 5 Tajik students in International University of Japan. In the session, active discussions took place on innovations in science and technology in Tajikistan, and Japanese contributions to them. In the China session, Drs. Wang and Wyunna gave a talk, introducing the collaboration between DNU and UT on research and education, and we discussed important matters on future development of the collaboration.
